

SAPCC ANNUAL REPORT | 2014-15

Strong Communities
One Family at a Time

Established in 1992
Serving Families in South Windsor
and North Windham Counties

www.sapcc-vt.org

Our Mission

SAPCC - Strong Communities - One Family at a Time

We are part of the Vermont PCC network of 15 Parent Child Centers across the state. SAPCC services communities in the North Windham and South Windsor Counties. We offer wrap around services to support and educate young children and their families.

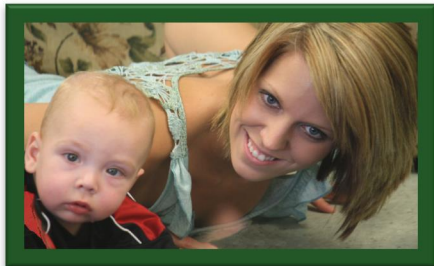

Our Services

Home Visits: We can provide home visits to families with young children who request home based support. The frequency and content of visits will be determined by family goals and the type of service and the needs of the family.

Early Childhood Services: Our CIS team provides developmental, inclusive, child care on-site or in strong collaboration with other early childhood service providers to ensure that families have quality options to meet full-time and part-time child care needs and children have group experiences with their peers.

Parent Education: We offer parent education opportunities in a variety of formats as well as on a range of topics and themes responding to family issues. Educational opportunities are supportive, practically-oriented, and empowering. Information to assist families in understanding and coping with transition issues are included in education services as well as being embedded in other services.

Playgroups: Provide opportunities for parents and children to come together on a regular basis for socialization, peer support, snack, information, and resource sharing in a developmentally appropriate group setting.

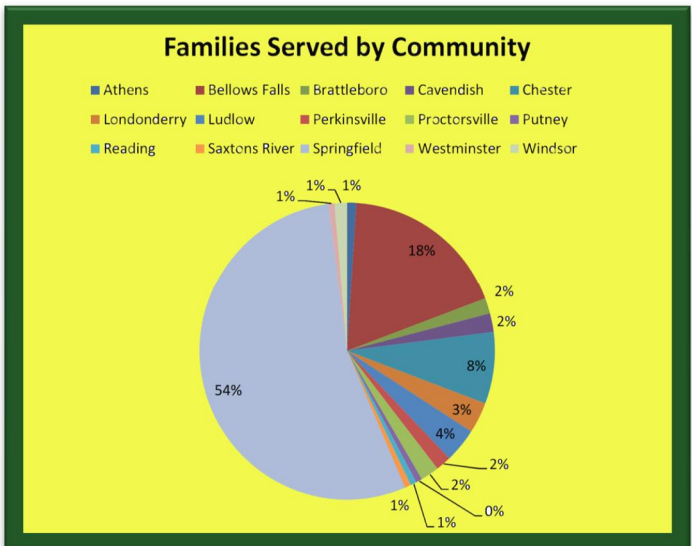

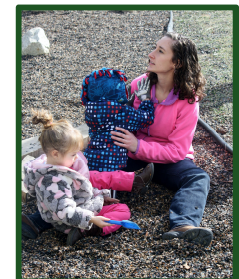

Parent Support Groups: We facilitate opportunities for families with common experience and interests to gain mutual support in a peer group setting.

On-Site Services: All families have access to a welcoming environment which offers support, information, recreational opportunities, and access to services and resources while being responsive to immediate needs.

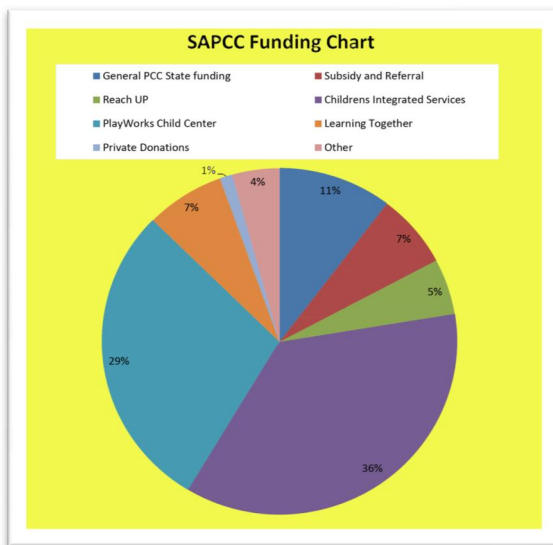

Community Development: We advocate for family-centered services by taking a leadership role in broad-based prevention and early intervention efforts in the community.

Information and Referral: Our Center serves as a clearinghouse for general information about child and family issues as well as information about local and state-wide resources. Service is provided through direct referral and follow-up, if requested.

Program Impacts

Learning Together Fast Facts – Since 2008 we have served:

Resources and Financial Management

Funding is provided by a number of state and federal grants specific to the various programs we offer. We have also sought and obtained additional program funding through private grant foundations such as the Fanny Holt Ames and Edna Louise Holt Fund and the Children's Trust Fund. And finally, program and tuition fees round out our funding sources.

In addition we are always pleased to accept private donations and welcome corporate sponsors for fundraising/ event collaboration. We offer several community events such as our Annual Taste of Winter Market held here at SAPCC and The Annual Celebrate Young Children Festival held at Riverside School. Exciting news for next fiscal year is our sponsorship with the Inn at Weathersfield for their annual Farm Dinner. We are very grateful for the community support through in kind and monetary donations that help us to continue to provide the quality family support we have become known for in our 23 years of service to the community.

Many Thanks to our Private Donors in 2014-15

Every child needs a helping hand.

Your tax free donation is a great investment in our most important asset, the children of our communities and their families.

Consider supporting our efforts as we move forward into the 2015-16 fiscal year and our 25th year of service to the community. You can make a tax free donation by going online to our website and clicking on the secure donation button at www.sapcc-vt.org. Or simply mail us a check made payable to SAPCC, 6 Main Street, North Springfield, VT 05150.

In closing, here are a few quotes from families that our staff has served.....thank you for your support and investment in our community.

From a busy mom and parent in one of our Parenting Classes: *Stacey is an awesome facilitator and has a great deal of helpful, knowledgeable hints and tips. Really glad I got to attend this class and because of Stacey, plan to attend more!*

One of our Subsidy and Referral Clients had this to say: *I want to extend my compliments on your outstanding employees and services. When in need employees have gone to great lengths to help me in a professional manner. Without your support, many families would experience a challenging time affording daycare while meeting their employment needs.*

This from one of our Children's Integrated Services families: *Sarah has been working with our son in Windsor for about a year and a half. I just wanted to let you know that she is amazing and a superior human being. She really went above and beyond with our son and our family, it's truly been a pleasure working with her and you guys are super lucky to have her working with children in your office.*
